

# Bootstrap and Open Source Templates

# Open Source Templates

- Just as Bootstrap is an open-source framework for sharing CSS, there exist many websites that offer free-to-use HTML templates
  - <http://www.oswd.org/>
  - [https://themewagon.com/theme\\_tag/open-source/](https://themewagon.com/theme_tag/open-source/)
  - <https://www.os-templates.com/>
  - <https://www.free-css.com/>

# Getting Comfy with Bootstrap

- Documentation
  - <https://getbootstrap.com/docs/4.1/getting-started/introduction/>
- Open-Source Templates
  - <https://getbootstrap.com/docs/4.1/examples/>
  - <https://startbootstrap.com/template-categories/all/>
  - <https://bootstrapmade.com/>
  - [https://www.w3schools.com/bootstrap/bootstrap\\_templates.asp](https://www.w3schools.com/bootstrap/bootstrap_templates.asp)

Any questions?
